

It Will Positive-ly Cure Sick Headache!

DYSPEPSIA.

The Regulator will positively cure this terrible disease.—We assert emphatically what we know to be true.

CONSTIPATION

Should not be regarded as a trifling ailment. Nature demands the utmost regularity of the bowels. Therefore assist Nature by taking Simmons' Liver Regulator. It is harmless, mild and effectual.

PILES.

Relief is at hand for those who suffer day after day with Piles. It has cured hundreds and will cure you.

MALARIA.

Persons may avoid all attacks by occasionally taking a dose of Simmons' Liver Regulator to keep the liver in healthy action.

BAD BREATH.

Generally arising from a disordered stomach, can be corrected by taking Simmons' Liver Regulator.

JAUNDICE.

Simmons' Liver Regulator soon eradicates this disease from the system, leaving the skin clear and fresh from all impurities.

COLIC.

Children suffering with Colic soon experience relief when Simmons' Liver Regulator is administered. Adults also derive great benefit from this medicine. It is not unpleasant; it is harmless and effective. Purely vegetable.

CAUTION.—As there are a number of imitations offered to the public, we would caution the community to buy no Simmons' Liver Regulator or Medicine unless in our engraved wrapper, with "Red Z" trade mark, stamp and signature unbroken. None other is genuine.

The Amended Chinese Bill.

We agree with the New York Independent in hoping that President Arthur will veto the second Anti-Chinese Bill as he did the first, though we fear he will not out of regard for consistency, as the friends of the measure have taken care in the amended bill to remove some of the principal objections of the President to the former bill. One of these was its restriction of Chinese immigration for a period of twenty years, which the President thought too long and recommended ten years, which is the period prescribed by the amended bill. We hope, however, that no mere regard for consistency will prevent the President from vetoing the bill, as it is wrong in principle, unworthy of the American people, and a disgrace to the civilization of the age. Moreover it is not a Republican measure, a large majority of the Republicans in both Houses having voted against it, and it should not receive the sanction of a Republican President.

Change of Policy Towards Ireland.

Mr. Gladstone, the British Premier, has announced a change of the government policy toward Ireland, and an attempt will be made to conciliate the Irish tenantry, by a partial abandonment of coercive measures. A large number of the prominent Irish political prisoners have been released on bail, and it is given out that some important measures for the relief of the tenantry from their burdens of rent arrearages and debts, will soon be announced by the government. Mr. Forster, a prominent member of the British Cabinet, who has been strongly in favor of the policy of coercion in Ireland, has resigned his seat in consequence of the new and milder measures decided upon. There is great rejoicing among the Irish people, and it is to be hoped the new policy will be productive of good results in restoring peace and prosperity to the Emerald Isle.

The Doctor's Secret.

Probably no new development will more surprise the public, than to learn the secret of success of certain leading physicians. When they have a difficult case of throat or lung disease that baffles their scientific skill, they prescribe Dr. King's New Discovery for Consumption, Coughs and Colds, having it disguised in a prescription bottle, with their own directions and name attached. The patient is cured, and they get the credit.—*Tribune*. Trial bottles free at Seybert & Co.'s Drug Store. Large size \$1.00.

The Pennsylvania Railroad Company issued orders to agents to sell no tickets to intoxicated persons, and station gateman are ordered to pass to the trains no person under the influence of liquor.

Rescued From Death.

William J. Coughlin, of Somerville, Mass., says: In the fall of 1876 I was taken with BLEEDING OF THE LUNGS followed by severe cough. I lost my appetite and flesh, and was confined to my bed. In 1877 I was admitted to the Hospital. The doctors said I had a hole in my lung as big as a half dollar. At one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WILLIAM HALL'S BALSAM FOR THE LUNGS. I got a bottle, when to my surprise, I commenced to feel better, and to-day I feel better than for three years past.

"I write this hoping everyone afflicted with Diseased Lungs will take DR. WILLIAM HALL'S BALSAM, and be convinced that CONSUMPTION CAN BE CURED. I can positively say it has done more good than all the other medicines I have taken since my sickness."

The air of London during a fog is found to contain a large excess of carbonic acid over the normal proportion.

A Word of Caution.

As is usually the case where an article of true merit has attained a world-wide reputation by its wonderful results, as the celebrated Electric Bitters have done, certain unprincipled parties have endeavored to imitate them, and expect to induce an unsuspecting public to purchase their fraudulent wares. Ask your druggist for the genuine Electric Bitters, that are guaranteed to cure, and take no others. Sold by Seybert and Co. at 50c.

One hundred and thirty-five graveyard insurance companies have been dissolved in Pennsylvania.

We are strongly disposed to regard that person as the best physician who does most to alleviate human suffering. Judged from this standard, Mrs. Lydia E. Pinkham, 233 Western Ave., Lynn, Mass., is entitled to the front rank, for her Vegetable Compound is daily working wonderful cures in female diseases. Send for circular to the above address. my25w2

The Zuni Indians will be treated in an illustrated article which will appear in Harper's Monthly for June.

The name Jenner means a drawn lancet, putting to flight a loathsome disease, and the name Harvey signifies the circulation of the blood. And the time is coming when the name of Dr. David Kennedy will be indissolubly connected in the public mind with the purification of the blood, a deed only less important than the discovery of its motion through the human body. This Dr. Kennedy accomplishes by means of his new medicine, called "Favorite Remedy."

Charles Otto Trevelyan has been made secretary for Ireland, in place of Lord Cavendish, assassinated.

"All through advertising," remarked ex-Mayor Gregory, to us as he went homeward with a bottle of St. Jacobs Oil, "that I bought this. Your paper contains so many wonderful cures—of course they are facts—and so I thought I'd try a bottle for the rheumatism."—*Madison (Wis.) Daily Democrat*.
